How to Order a Modular Accommodation Unit – A Step-by-Step Guide

Need worker accommodation? You want a **fast, no-fuss process**—one that gets the job done without unnecessary delays. That's exactly what we do at Aruva. Whether you need a **stock unit that's ready to go** or a **built-to-order solution**, here's how to lock it in, **step by step**.

1. G'Day – Let's Have a Quick Chat

Every good decision starts with a conversation.

- We'll have a **quick, no-obligation** chat to understand what you need.
- Whether it's for seasonal workers, long-term staff, or extra space on the property, we'll **help you find the right setup**.

2. Discovery Discussion – Get the Right Fit

A **15–20 minute structured call** with one of our Accommodation Advisers.

- We'll run through **practical details**—how many people, how soon, site access, and any must-haves.
- In some cases, we may be able to **visit your site** if it helps with planning. This depends on your location, your needs, and the availability of an Accommodation Adviser.

Smart agricultural managers know that **investing in quality accommodation pays off in better staff retention and productivity**. This step ensures your setup is right from the start, so your team has a comfortable, reliable place to stay—without delays or second-guessing.

3&4. – Choose Your Order of Events

At this point, you have **two options**, and you can do them in whichever order suits you:

✔ Option 1: Rapid Accommodation Proposal First

- If you're ready to move forward, we'll send a clear proposal with pricing and inclusions.
- You'll know exactly what you're getting—no surprises, no confusion.

✔ Option 2: Real Living Experience First

- Want to see a unit before committing? No problem.
- You can walk through a completed unit in person or take a video tour to get a feel for the layout and quality.

5a. The Real Deal – **STOCK** Units (Fastest Option!)

If we have stock available and you need accommodation **immediately**, this is the quickest way to go.

- You **sign the agreement, pay a 10% deposit**, and we **schedule delivery straight away**.
- No waiting, no delays—**just real accommodation, ready when you need it**.

5b. The Real Deal – Built-to-Order Units

If you need a **customised solution**, this is where we lock it in.

- You **sign the agreement, pay a 10% deposit**, and we **schedule production**.
- The unit is built in a controlled environment, ensuring quality and **rapid turnaround**.

6. Fulfilment – Getting It to You

Now it's time to get your unit on-site.

- Whether it's a **stock or built-to-order unit**, we handle delivery or arrange for **easy pickup**.
- Installation can be sorted if needed, so you're **ready to use it without the hassle**.
